As always, we have a large stock of stamps of the United States, United Nations, Canada, British Commonwealth, Western Europe and Asia. Recent additions include quality used and unused singles from these areas. I concentrate on acquiring high catalog singles and sets from the above areas; so when you need to fill those hard spaces, please see me. **On the reverse is a selection of high catalog items currently for sale.** A price list of **U.S. singles, plate blocks, sheets, booklets and panes**, or **duck stamps** is available on our [website](#) or can be sent on request. Please let us know if we can fill any of your philatelic or numismatic needs.

We are always interested in buying quality United States and worldwide collections. Stamps, coins, paper money, covers, even model trains, are wanted.

**Please send me your E-mail address for receipt of these notices. Also, if you no longer wish to receive these notices, please let me know.** Thank you. *Tom Jacks. Member ASDA, APS, USSS, AFDCS, ANA.*
